

Cómo ayudar a tu comunidad con la

ECONOMÍA CIRCULAR

Labdoo Km0

Labdoo Km0 es un nuevo sistema de cooperación dentro de la plataforma Labdoo, creado exclusivamente para ayudar a niños de tu vecindario que están sufriendo los efectos de la brecha digital aumentada por el confinamiento.

¿Por qué existe Labdoo Km0?

El planeta Tierra nos está enviando señales: nuestra actual forma de vida no es sostenible. En 2020 la humanidad está luchando para reducir la curva de una pandemia y es el momento de trabajar juntos para reducir también los efectos mucho mayores del cambio climático.

How can you help your community with the

CIRCULAR ECONOMY

Labdoo Km0

Labdoo Km0 is a new cooperation system within the Labdoo platform, created exclusively to help children in your neighborhood who are suffering the effects of the digital divide heightened by complacency.

Why does Labdoo Km0 exist?

The Earth Planet is sending us signals: our current way of life is not sustainable. By 2020, humanity is struggling to reduce the curve of a pandemic and it is time to work together to also reduce the far greater effects of climate change.

Step 1

Sanitize a Laptop

Start by picking up laptops among your family, friends, companies and :

LABELLING IT*(1)
(Estimated time: 5 min).

FORMAT IT*(2) safely, patch it up and heal it.
(Estimated time: 3 hours)

Step 2

Look for a project nearby

We all know someone affected by the digital divide. Find a project nearby that you can contribute to.

Labdoo Km0

Step 3

Delivering the Laptop

This is the most rewarding phase, once your laptop is healed, hand it over to its new owner!.
(Project identified in step 2).

and continue

Enjoy the greatest satisfaction of a human being, making another human being happy!
