1. Project Summary: (Please provide a brief statement about the purpose that the laptops will serve in your project site.)

Recently only two Desktop computers functioning, shared by about 10 trainees each per session, this has not only made the training programme hectic to the trainers, but also limited the grasping rate of our trainees as they are deprived of hands-on experience. A functioning beamer ll be donated and delivered by Tukolere wamu e.V. in 05/2013

We believe if we are considered, and awarded laptops, our work will be made easier, especially at different locations, many needy members will be trained, and made capable of communicating and sharing knowledge using these new technologies, as the benefits are un-doubt able.
