Your Organization : [Comunidad Parroquial Candelaria](#)

Organization Website:

Project Site: [Bella Vista, Beni, Bolivia](#)

=====

1. Project Summary: (Please provide a brief statement about the purpose that the laptops will serve in your project site.)

The “Comunidad Parroquial Candelaria-Bella Vista” is a non-profit community established in 1967 and located in the town Bella Vista, Beni District, Bolivia.

[Padre Jose Manuel Barrio Fernandez](#) is a Spanish Franciscan missionary serving the people in need of the Bolivian Amazon for more than 63 years. Under his leadership, in addition to his spiritual work, he is in charge of running a clinic (performing healings and minor operations), a dining room for 100 children and 30 elderly, a nursery for 80 children and a boarding school for 30 young people. He has also carried out the construction of a temple, a school and a hospital. Last but not least, he has developed activities for integral and productive development where human values are an essential component.

He has promoted that many children with limited opportunities to attend school and have a decent life could become professionals now serving their communities and countries. Education is the main action promoted there. Actually here are three schools from primary till secondary and have around 700 students.

The new school facilities were built thanks to Padre request and government support. There are teachers running the school and Padre Jose is always actively involved together with volunteers. Currently there is not computer laboratory available and that is something that the young students claimed many times as they would like to be in the era of computation.

2. Project Location: [Comunidad Parroquial Candelaria-Bella Vista, Beni, Bolivia.](#)

3. On-site Point of Contact Name: 1) [Padre Jose Manuel Barrio Fernandez](#)

4. Contact Information (please provide at least one way to contact): josemanuelbarriof@yahoo.com

- 4.1. Phone: [0591 44448289](tel:059144448289)
- 4.2. Email: josemanuelbarriof@yahoo.com
- 4.3. Physical address:
5. Number of Laptops Needed: **30 laptops would be needed to cover the demand at the moment**
6. Number of students: **700 (from primary to secondary)**
7. Number of teachers: **15**
8. Electricity in the room: **230 V 50 HZ A/C**
9. Does the room have access to the Internet? [yes / no] **Currently not, but they will request it.**
- 9.1. Is the access via wireless or cable?
10. Conditions about the room where the laptops will be installed:
- 10.1. Is the room secure? [yes / no + brief explanation] **Yes, the room is secure (however, sometimes there is some delinquency)**
- 10.2. Can the room be locked in a way that the supervisors (e.g. teachers) can control access? [yes / no + brief explanation] **Access is controlled by staff and especially by a guardian of the school.**
- 10.3. Is the room weather-proof? (e.g. does the room protect the laptops from rain, sand, etc?) [yes / no + brief explanation] **The classroom is in good condition as the school was just built.**
- *** Upon Acceptance, the requester will need to read and agree with the "Labdoo Laptop Recipient Agreement"
