

KAMBOWA COMBINED SCHOOL

School Description

Kambowa Primary School was founded in 1962 by the government of the Republic of Zambia. The school was established to help children who were covering extremely long distances to access up to standard education. Boys and girls walked scattered through bushes for two, three hours covering a distance of 15 Km.

Upon realizing the lives of children were being risked and that the population was growing at unimaginable speed, parents, mainly with disabilities as Kambowa was a blind Centre, came together and started molding bricks with an eye to build a community school. Later on, they asked the government to provide them with other building materials so that they could shorten the long distance which young boys and girls covered to access up to standard education.

The school is being headed by Ms. Kasuba C. Joan and assisted by two Deputy Head Teachers a male and female. The two deputy head teachers are meant for primary and secondary school. The primary school has 11 teachers and the secondary school has 18 teachers who are specialized in different subject areas. Both schools have a common school campus. Additionally, the secondary section has two teachers who are specialized in ICT.

The chart below shows a overview of the the numbers of students by grades

Grade	NUMBER OF CLASSES	boys	girls	total
ECL	2	30	35	65
1	2	76	90	166
2	2	90	88	178
3	2	35	42	77
4	2	46	50	96
5	1	39	44	83
6	1	37	34	71
7	1	25	47	72
8	2	75	85	160
9	1	43	39	82
10	2	65	74	139
11	1	25	20	45
12	1	28	23	51
TOTAL	17	613	671	1284

THE COMPUTERROOM

We have provided a classroom with a maximum of 36 workstations. The room is burglar-proof. It is secured with grilles on windows and doors. At night, the school's valuables are kept in a special security room.

In order to be able to teach professional IT lessons, equipping the computer room with about 30 laptops would be perfect. The average class size is well over 30 students.
