## RE: REQUEST FOR LAPTOPS DONATION.

Dear Ms. Alicia Hernandez,

Martin Luther High School is humbly asking for a donation of 50 laptops from your organization.

### Reasons for the need of laptops

1. Modern technology is operated by computers; therefore is a need for young people growing to be exposed to and be computer literate.
2. School offers Computer studies grade 12 and Information Communication grade 8 to 11. Therefore exposure to modern way of communication is important.
3. Laptops needed for course works and research by teachers and learners.
4. Laptops needed for typing of course works and essays
5. It will be needed for setting test, examination and processing of learners' academic reports.
6. Laptops for the internet.
7. With the population of 266 learners, the school has only 4 working computers that all learners have to work on, additionally, only one computer for teachers to work on.

### Maintenance and Software

Through the Voluntarily Contribution Fund the school will be able to maintain and upgrade the software.

### Security of the laptops

The Computer room is having burglar bars and locks. The laptops will be locked up in Computer room. There will be register to control the movement in and out of the room. Strict rules will be displayed on the notice board and pasted outside, so that everybody knows what is expected in the Computer room. The Computer room is having an air conditioner to keep it cool.

### Background of the school

Martin Luther High School is a church school, subsidized by the government. It is situated on farm which is about 70 km from Omaruru and bordering with Okombahe settlement in the west and south. It started in 1962 in Karibib. Its intake is about 260 learners. Currently there are 266 learners (111 boys and 115 girls), 12 teachers and 13 institutional workers. It offers grade 8 – 12 classes, following the Government Curriculum of Basic Education.

Please take note we as school, have partnership of more than 30 years with **Geschwister-Scholl Gesamt Schule** in Lunen, Germany. The coordinator of this partnership is **Jasmin Geisler**
