

**KAMBOWA COMBINED SCHOOL**  
**Cooperbelt, Zambia**

**Reference: Application for Laptops for our new Computerroom**

Dear Labdoo Organisation,

Refer to the subject matter above.

We would like to apply for support with laptops for our newly planned computer room. Although IT skills is a compulsory subject in the state schools in Zambia, the state is not able to equip all these schools now. We do not want to wait. We want to empower our students with the necessary IT skills today so that they can participate in the globalized world.

In order to be able to teach professional IT lessons, equipping the computer room with about 30 laptops would be perfect. The average class size is well over 30 students.

attached a School Description and Photos from the School Building and Computerroom

with kind regards
