Project title: Student Computer Literacy Programme

Project Site: **Judah Care Foundation & School**

1. Project Description:

In the IT age, every field of study calls for various extend of computer knowledge and productivity skills, such as writing, presentations, calculations, and so on. To equip our students with these fundamental IT skills for their study, the School sees the need to provide such training besides their formal curriculum.

A free Student Computer Literacy Programme, has been the ambition of School Founder Pastor Simon Mukundi to fulfill the above objectives since 2004. The Programme will have a series of computer short courses organized and repeated throughout each academic year. These courses will be offered to all students.

2. Project Location:

Judah Care Foundation & School, Umoja III ½ Mile off Kangundo Road, Nairobi Kenya.

3. Preferred language(s):

English

4. On Site Contact Information (please provide at least one way to contact):

4.1. Name: **Pastor Simon Mukundi**

4.2. Phone: **+254721543927**

4.3. Email: pstsimmu@yahoo.com; kndirangu12@gmail.com;

4.4. Physical address: **Umoja III ½ Mile off Kangundo Road, Nairobi Kenya.**

4.5. GPS coordinates: **We shall find out and share.**

5. Claimed IT equipment

Number of Laptops needed: **40 Laptops.**

Number of eBook Reader needed: **30 eBook Readers.**

Others needed (Tablet-PCs etc.): **10 Tablets & 5 Personal Computers**

6. Number of students: **176 Students**

7. Number of teachers: **12 Teachers**

8. Electricity in the room: **We use British and compatible standards sockets and plugs, we use BS 1363 three-pin (rectangular) plugs and BS 1363 type electrical socket-outlet**

9. Does the room have access to the Internet? **Yes**

9.1. Is the access via wireless or cable? **Wireless**

10. Conditions about the room where the laptops will be installed:

10.1. Is the room secure? **Yes Room constructed of Concrete, strong Ceiling and Steel door, shelter can withstand wind pressure and resist penetration by wind-borne objects or falling debris.**

10.2. Can the room be locked in a way that the supervisors (e.g. teachers) can control access? **Yes Doors are made of steel, reinforced with strong locks and padlocks which teachers can control access.**

10.3. Is the room weather-proof? (e.g. does the room protect the laptops from rain, sand, etc.?) **Yes, the room is strong enough the ceiling is well reinforced with strong iron sheets the room is also anchored to the foundation to resist overturning and uplift.**
