8. Does the room have access to the Internet? [yes / no]: No, it does not have internet access
    a. Is the access via wireless or cable? No, there is no wireless or cable
9. Conditions about the room where the laptops will be installed:
    a. Is the room secure? [yes / no + brief explanation] Yes, every class is newly built recently and it is secure and safe place to install laptops. There is one computer room, they have old seven

donated desktops, but almost all of them are not functioning well because they are already very old when the school received them and very slow to function. That room is an excellent for replacing with laptops and tables so that students and teachers can access to and start learning how to use technology.

b. Can the room be locked in a way that the supervisors (e.g. teachers) can control access? [yes / no + brief explanation] Yes, every room has a locker and every after class, all classrooms can be locked and secure the place. All laptops, e-readers or tablets will be utilized very effective way for the classes and students learning purpose.

Is the room weather-proof? (e.g. does the room protect the laptops from rain, sand, etc?) [yes / no + brief explanation] Yes, every classroom is tiled roof, designed mainly to keep out rain.
