1. Project Summary:

Ecole Privée Bilingue les Enfants Courageux is a bilingual elementary school in a neighborhood of Yaoundé called Awaé. The school was founded 15 years ago. One year after its founding, we have set up an IT department for each stage. The more time passes, the more parents bring their children to us because it is not always common in Cameroon that elementary school students have access to computers. Our school is an exception for this. At the bottom of 8000 elementary schools in Cameroon, you can hardly count 200 which teach computer courses. EPBLEC has about 890 students trained by 48 teachers. Some IT levels do not have enough IT material to handle IT teaching efficiently. Could you please tell us how we should proceed to benefit from your laptop donation? In your presentation, I also read that the donated laptops are delivered with interesting didactic programs. With your laptops donation, we can do more.
