1. Project title or name of your school, project, or NGO - A short title or description for your project(*):

School: Berhan Learning Center (BLC), Gidole, Ethiopia

Berhan Learning Center is a private shool, which was created by current and former citizens of the small, rather rural town (around 20'000 inhabitants). Those people who are better off than many of the other inhabitants, would like to improve the conditions in their home town.

Berhan Learning Center has following mission: "we are envisioned to create center for technology, innovation and creativity. One pillar for enabling other technologies we believe that ICT is the most important one. For this purpose it is vital to establish ICT center in the school environment to create global learning opportunities for school and surrounding community.»

The current plan is to create both library and information center with WLAN broadband internet connection to enable our teachers and students to bring ICT literacy into their lives. The library will have internal and external cabled and wifi network connection to provide internet with controlled password.

The school will subscribe to e-libraries so that students of BLC and students from other schools will have access to concurrent updated e-books.

The center will provide trainings on ICT for internal and external community members

The library will have also hard copy books for reading under terms and conditions specified. Fortunately the center is fully furnished with trees which can give private reading spaces in the shadow, either for paper books or e-books.

2. Project Description - Please explain about your project and how you will use the laptops (*):
The laptops will be used for ICT training, reading e-books, accessing internet, and other communication purposes for the community. We appreciate if education material could be pre-installed to the laptops or if you have lists of useful educational material that we can downloaded uploaded or come with memories so that we can upload.

3. Number of students(*):

350

4. Number of teachers(*):

9. Access to Internet(*)?

9.1 Access to internet (yes/no): yes

9.2 Wired/cable (yes/no): Currently there only is a Wlan connection, but it would be possible to make a wired connection, too.

9.3 Wireless (yes/no): yes

10. Conditions about the room where the laptops will be installed:

10.1 Is the room secure? [yes / no + brief explanation]: yes. Two big (5x5 m2) rooms and two medium rooms 3x2 m2 are ready for use as library and ICT center],

10.2 Can the room be locked in a way that the supervisors (e.g. teachers) can control access? [yes / no + brief explanation]: yes. The rooms control will remain with one assigned person and they will get open during working and some spare times to provide opportunity for teaches engaged with students during working time.

10.3. Is the room weather-proof? (e.g. does the room protect the laptops from rain, sand, etc?) [yes / no + brief explanation]: The location of the rooms is ideal to keep safe the equipments but my require frequent look after and cleaning. We can ensure this safety precaution by inserting this responsibility in to job description of the assigned person

***The solicitation of a Labdoo laptop request implies that, upon receiving the laptops, the recipient agrees with the "Labdoo Laptop Recipient Agreement".

Labdoo Laptop Recipient Agreement:

Dear Laptop receiver:

We are very pleased to have the opportunity to contribute to your project by providing technology to help bridge the digital divide.

With every right comes responsibilities. Technology, when adequately used, can provide very powerful means to aid those that are most in need. But if used improperly, it can also damage our

environment. By receiving the above items, you are automatically accepting to abide by the following Labdoo global responsibilities:

(1) The items received will be used only for the purpose described by your organization at the time you solicited this donation.
(1.1) If you intend to use it for a different purpose, you will contact first the Labdoo team at contact@labdoo.org.
(1.2) Only schools and projects may claim for Labdoo computer donations and not by individuals.
(1.3) Donated items may only be removed from school ground with admittance of Labdoo (example, teachers cannot take laptops outside school). If Labdoo reviser visit your project and discovered donated items are missing, your school / project will be excluded from Labdoo support and CANNOT receive any further donation.

(2) In the case that an incidence occurs to any of the received items, you will contact the Labdoo team at contact@labdoo.org, including in your email the tagging number of the item(s) related to the incidence and a brief explanation. The following incidences must always be reported:
(2.1) At the end of life of any of the received items, so that the item can be properly recycled.
(2.2) When an item breaks, malfunctions or any change in its status.

(3) Every six months, please send an email to contact@labdoo.org with the list of laptops that you have and their status (working or not working).

(4) Labdoo laptops are offered for free to you for education purposes. In return, you agree to not use the laptops for commercial reasons and you agree not to charge any fee for the usage of the laptops.
(4.1) The donated items cannot be resold to make money or exchange with other valuable items.
(4.2) If discovered donated items are missing, your school / project will be excluded from Labdoo support and CANNOT receive any further donation.

(5) By returning this form filled in, the solicitor confirms owning all rights on sent materials (current or in the future) submitted to Labdoo.org and allowing such content to be publicly available from Labdoo.org. In addition, the solicitor confirms having approval for taking pictures of the children and/or any person benefiting from Labdoo laptops, tablets or any Labdoo donations, from their parents and/or legal guardians. Labdoo.org explicitly points to the fact that sent materials and pictures/photos may be used online and/or offline, and hence that they can be accessed by third parties, and that such pictures are used to help preserve the transparency and accountability of the projects.

We thank you for your commitment to make our world a better place and we wish you best of luck in your humanitarian mission.

The Labdoo Team.
