Requester Information: (*) is a mandatory field

Requestor's Name(*): Nuria Fe Garcia del Valle / David Sabaté Rovira

Requestor's Email Address(*): nurife.gva@gmail.com / davidsr9511@gmail.com

Your Organization(*): Masanga Hospital Rehabilitation Project (Masanga DK)

Organization Website / Facebook: https://www.masanga.dk/

Your Labdoo account user name (https://www.labdoo.org/user/register): **david_sabate**

Project Site:

----

1. Project title or name of your school, project, or NGO - A short title or description for your project(*):

Masanga Hospital Rehabilitation Project (MHRP)

2. Project Description - Please explain about your project and how you will use the laptops (*):

The Masanga Hospital Rehabilitation Project (MHRP) is dedicated to developing a skilled technical team to support the hospital's operations and growth. This team includes plumbers, masons, carpenters, electricians, and welders, who have not only grown in number but also improved in their organizational structure and technical expertise.

As part of the initiative, engineering expatriates visit the hospital twice a year for 4–5 months to provide hands-on training. A key focus of this training includes IT skills, which set the team apart from other technicians. This added competency enables them to work with advanced technologies, pursue higher career qualifications, and support the hospital in adopting modern solutions.

Additionally, some technicians are trained as biomedical technicians, specializing in the repair and maintenance of medical equipment. With access to laptops, these technicians can further enhance their knowledge by enrolling in online biomedical courses. This has proven effective, as our first biomedical technician has been recognized as one of the best in Sierra Leone.

However, our progress is currently hindered by a lack of laptops. Without this essential tool, our technicians are unable to fully practice their IT and biomedical skills outside of the courses, limiting their ability to grow professionally and support the hospital's needs. Laptops

would provide the resources necessary to expand their competencies through continuous learning and online training, ensuring the hospital has a robust and skilled technical team to meet future challenges.

3. Number of students(*): For the IT classes is around 6 and for the Biomedical 4.

4. Number of teachers(*): At least 1, sometimes 2 depending on availability of volunteers.

5. Claimed IT equipments (*)

5.1 Number of Laptops needed(*): 2

5.2 Number of eBook Reader needed: -

5.3 Others needed (Tablet-PCs etc): -

5.4 Additional comments: -

6. On Site Contact Information / project manager. Please provide at least one way to contact (*):

6.1 Full Name(*): Nuria Fe Garcia del Valle

6.2 Phone(*): 232 030301439

6.3 Email(*): nurife.gva@gmail.com

6.4 Physical address of Organization (street, city, zip code, country...)(*): Høje Taastrup Boulevard 54, DK 2630 Tastrup, Denmark

6.5 GPS coordinates (click the link to find the coordinates: https://www.gps-coordinates.net or https://support.google.com/maps/answer/18539) (*): 8.750363, -11.837312

7. Language

7.1 Local / Preferred language(s)(*): English

7.2 Additional information about language(s):

8. Project Location - street, city, state/province, country, zip code(*): Masanga, Tonkolili District

9. Access to Internet(*)?

9.1 Access to internet (yes/no): yes

9.2 Wired/cable (yes/no): no

9.3 Wireless (yes/no): yes

10. Conditions about the room where the laptops will be installed:

10.1 Is the room secure? [yes / no + brief explanation]

Yes. The room is secured. We have one workshop and the other one is the newly built biomedical office.

10.2 Can the room be locked in a way that the supervisors (e.g. teachers) can control access? [yes / no + brief explanation]

Yes the room is locked always

10.3. Is the room weather-proof? (e.g. does the room protect the laptops from rain, sand, etc?) [yes / no + brief explanation]

The room is enclosed. Dust and humidity are the biggest challenges for any electronics in Sierra Leone which are part of every room.

11. How did you hear about Labdoo?:

--Search Engine (e.g. Google)

--At local Conference,

--At online Conference,

--From other organizations/companies,

--Facebook

--Instagram

--Other (please describe)

From a friend of mine (David) when asking about whether anyone had laptops to give away.

12. Picture(s) of the school, students, teacher, etc with this Request Form. Please send as file(s) (*):

The picture will be uploaded to your project site

13. The data provided in this form will be made available from the Labdoo.org website to allow other web users to locate and contact your school. This data can be updated, modified, or deleted by logging to the platform with your Labdoo account username and password.

Do you allow to make this information available to other web users? (yes/no) (*).

***The solicitation of a Labdoo laptop request implies that, upon receiving the laptops, the recipient agrees with the "Labdoo Laptop Recipient Agreement".
